Hi Bill:

In addition to validating the address below, FedEx states they cannot deliver to a "mail code". Therefore we would redirect package to

Attention: Bill Bates
1200 Pennsylvania Ave NW,
Washington, DC 20004

Should we add an organization name?

Please advise.

Thank you,
Cynthia

Hello Bill,

Thank you for taking the time to speak with Cynthia and me regarding the Electronic Signature and Use Agreement for the Geologic Sequestration (GS) Data Tool. A signed and notarized copy of the attached was shipped on Friday (25-Oct) to the address listed at the bottom of the form; see FedEx tracking number: 776817795103.

FedEx attempted to deliver the package yesterday (Monday, 28-Oct) however they have indicated the address is incorrect. Per our conversation, you indicated the delivery address should be:

Attention: Bill Bates
1200 Pennsylvania Ave NW,
Washington, DC 20004
Mail Code 4601M

[Bill Bates, (202) 564-6165]

If this is correct, we will call FedEx and attempt to have the package rerouted to this address.
Any assistance you could offer would be most appreciated.

Thank you again and please let me know if you have any questions.

Kind Regards,
-Rebecca

Thank you, Molly and team.

I received a temporary password for the site today and was able to log on. I was also able to change my password. So, I'm all good there.

I noticed at the top of the landing page it says:

"In order to submit information through this tool, you must complete, notarize and submit a hardcopy of the Electronic Signature and Use Agreement to EPA at the address indicated on the form. If you have any questions, please contact your permitting authority."

I have downloaded the Electronic Signature and Use Agreement form. I will work on filling it out and submitting ASAP. I may revery with questions.

Thank you again for your support.

Best Regards,
-Rebecca
